Kansas City Public Library, Show-Me Institute, and Sinquefield Charitable Foundation are delighted to present lectures which will examine such topics as education policy, tax policy, economic development, and the benefits of policies that favor free-market ideals. The series brings the world's top scholars to Kansas City to enlighten us on the challenges and opportunities arising in today's public policy arena.

*For more information, call 314-454-0647 or visit [www.showmeinstitute.org](http://www.showmeinstitute.org).*

## ABOUT THE GUEST SPEAKERS

### Garry Kasparov

Garry Kasparov, considered by many to be the greatest chess player in history, discusses his efforts to promote democracy and liberty in Russia and around the world.

A leader of the pro-democracy opposition in his native Russia, Kasparov campaigned unsuccessfully for the presidency in 2008. He is a popular speaker for business groups around the world on topics of strategy, innovation, and leadership. He is the author of *How Life Imitates Chess*, which has been published in more than a dozen languages.

### Timothy Sandefur

Owning a business is the very definition of the American dream for many. Timothy Sandefur discusses his new book *The Right to Earn a Living*, which charts the history of the fundamental human right of economic liberty — a right he says the Founding Fathers considered to be vital to the “pursuit of happiness.”

Sandefur will discuss how the Constitution seeks to protect the right to earn a living and the constitutional amendments that expanded that protection to all Americans, regardless of race.
